

Medicina popolare per autodidatti

giugno 6, 2005

Programma	Corso MmP	Seminari	Conferenze	Studio	Lucidi	Dispense	Strumenti
Novità	Struttura	Forum	Collaboratori	Colleggi	Vari	Webmaster	HOME
Scopo					Impressum	Amministrazione	Recapiti

[Compito](#)

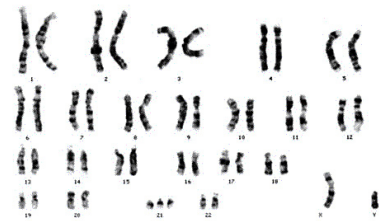

MmP 6: 16.6.03

[Cellule e malattie cellulari](#)

[Malattie
genetiche](#)

Esercizio:

Malattie genetiche

Per il seguente esercizio serve la lista "[Malattie genetiche](#)"!

Compito:

Download pagina  [.pdf](#)

Scrivi fuori dalla lista "Malattie genetiche" le malattie che "conosci".

Rifletti, delle quali avresti pensato che fossero genetiche.

Cosa vuol dire questo, se un paziente si rivolge a te e ti chiede di curarlo?

Malattie genetiche:

Download tabella  [.pdf](#)
